

To Whom It May Concern,

The purpose of this letter is to share the level of appreciation and satisfaction that we have experienced at CIRSCO for the assistance provided by Susan Repetto. After working with two previous insurance agencies who had extensive experience working within our industry, Ms. Repetto identified some serious deficiencies in our coverages and advised us as to where and how we were exposed.

Susan recommended the proper vehicles to address our deficiencies and provided us with a complete insurance program that addressed our needs. We are very impressed with her knowledge of risk management and how to apply that experience to our operations at CIRSCO.

We highly recommend Ms. Repetto regarding risk management and if you have any questions, or, require additional information please do not hesitate to contact me.

Hig Rodriguez Dillinger
President/Owner
CIRSCO
